## MANY STARS STILL WITH GLASS TEAM

Outfield of Last Year In-  
tact and Many Candi-  
dates for Positions.

By C. M. ABBOTT.  
With the opening day of the city league but a few weeks ago and every team getting its men into shape for the start of the 1920 race, this question comes up: What kind of a team will Monongah Glass have this year? And here's what the Monongah Glass has to start on: Alridge, Brown, R. Long, Vingle, McKown, Syputt, Deck-er, all of last year and a score of oth-ers trying for regular positions.  
Will the loss of Belt, Burns and C. Long weaken the Glassies' chance?  
The loss of Long and Burns will weaken the team the most and it will be a hard job to get two pitchers to fill their shoes. Burns not only is a good pitcher, but he was hitting well over the 400 mark at the end of the 1919 season. His hitting loss will be a great blow to the Glassies for this was where they were weak last season and it will have to be built up if they are figuring on making a good record.  
While Belt did not start to play till about the end of the season he made a good record and was picked as one of the best 2nd sackers in the league, and his leaving will make a big hole in their infield.  
The outfield will be about the same as last year and with the well known Decker-Syputt-McKown trio taking care of it there will be no need of worrying about the outfielders.  
"Bus" Alridge and Clark Brown will likely be in the lineup, Brown playing second and Alridge taking care of the "hot corner." Frank Vingle will likely be out for the first base job.  
"Rat" Long and "Sox" Rosenmeyer will be out for the back-stop position.  
The hardest job manager Shively will have on his hands is getting a pitching staff that will hold its own against the best.

## TRACK MEET TO BE BIG EVENT

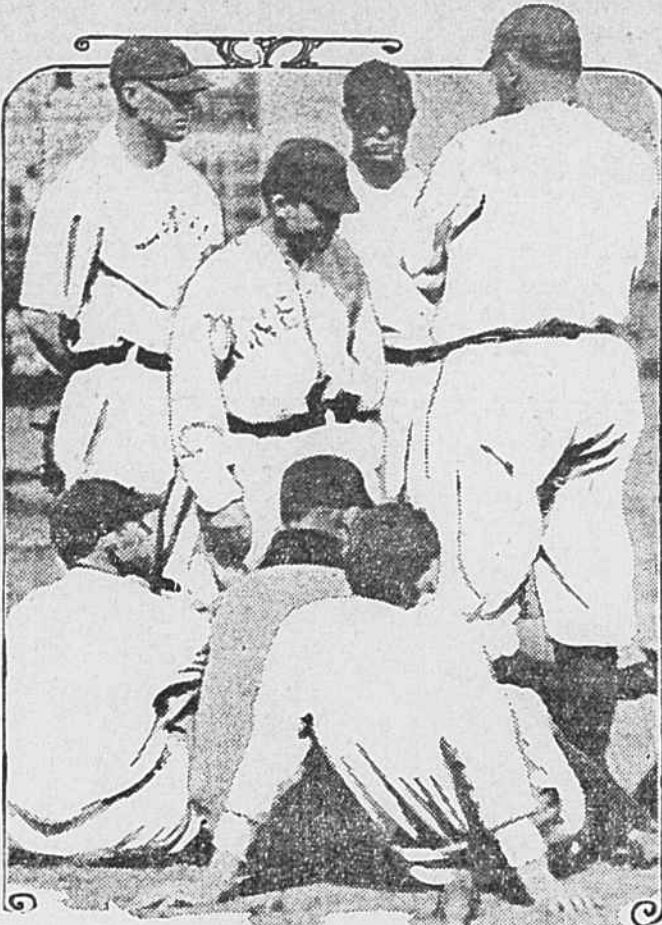

Will be Held Under the Aus-  
pices of the University  
Late Next Month.

MORGANTOWN, April 1.—The Third Annual West Virginia high school track and field meet will be held here May 21 and 22 next will easily eclipse any former high school track and field gathering in West Virginia as approximately forty-five schools are assured of representation and these will send in the neighborhood of four hundred athletes to the event. Almost daily new entrants are announced, Cameron high being the latest addition. This institution has never been represented at the meet before. Weston high is another entry, but in 1919 this school had men here. Fred Chenoweth, one of the best informed athletic coaches in State high school ranks has charge at Weston this year and the probabilities are that Weston will be a contender for first honors.  
Practically every big high school in the state has already given assurances of entering men. Huntington, Charleston, Clarksburg, Fairmont, Parkersburg, Elkins, Logan, Weston and Morgantown, teams from all of which cities are assured, includes every city of major importance except Wheeling and the "first city" is ex-pectantly expected to send a strong team. Coach Kellison at Wheeling is an adept at coaching track athletics and was a weight man himself in college and unusual interest is expected to attach to the sport at Wheeling this spring. Every section of the state will be represented; Logan coming from the extreme southern end of the state; Parkersburg and Huntington the extreme west; Wier-ton from the northern panhandle and several teams being already assured from the eastern panhandle.  
The entries will not close till May 10th.

Not Deceived.  
Becoming unmanageable on the viaduct, a Ford car swerved suddenly and plunged over into the street below. Its driver managed to catch on the broken railing. He hung for a horrid moment on the brink of death, and then scrambled back to safety.  
"Merciful powers!" ejaculated a pedestrian below. "What a narrow escape!"  
"Shucks!" returned the gent from Jimson Junction, who was on hand. "That wasn't no escape; it was just a trick of some kind. They can't fool me!"—Kansas City Star.

## A LITTLE SKULL PRACTICE

Veterans and rookies alike gather round Manager Huggins on the field and they discuss inside baseball with a lot of enthusiasm—in fact, the conversation often gets very warm, but they are only planning a style of attack to cop the flag. The little manager is shown in the center of the picture. The massive form of Babe Ruth is shown in the foreground with his back to the camera.

By FRED TURBIVILLE.  
JACKSONVILLE, Fla., March 31.—A mighty earnest aggregation of ball players is working out on the South Side grounds, across St. John's river. They're the New York Yankees—Babe Ruth, Carl Mays, etc.  
They fully intend to win the American League pennant this season. That's all they're talking about. They have nothing to say to the discredit of this Speaker's Indians, the Detroit Tigers or other rivals, but they do talk about themselves in connection with the flag.  
There has been talk of bad feeling on the club because of Babe Ruth and Carl Mays and the great amounts fig-uring in their purchases and in their contracts. If there is such a feeling existent it is well hidden. There are arguments and loud talk, temperamen-tal displays at times on the field, but evidently they are just the scrap oozing out of the Yankees. They look as if they were going to do some scrap-ping for the old flag.  
Skull practice are frequent. Huggins has 'em on the field at times. The veterans gather around the manager

CALL MEETING.  
Notice is hereby served on Homer C. Toothman, Harvey Paist, "Doc" Garrett, Sidney Wright, A. Ray Mapel, "Smiles" Abbott and all others who may be interested in the team which is to represent the Prints in the Industrial league that there will be a meeting held at the West Virginian office tomorrow (Friday) evening at eight o'clock for the purpose of going over the situation. If you have ability as a player and would like to be on the team, come to the meeting. If you are going to be one of the Print fans this summer come to the meeting. If you are a baseball fan at all come to the meeting. Paist and Toothman are sort of cooking up a scheme for a great team for the Prints this summer and all they need is a little support—let's go.

Ida May will have another good baseball team this year, according to reports and will be right in line for the independent championship in this section of the state. W. J. Wolf will manage the team during the coming season.

At the weekly meeting of the Fairmont Chess club last night in the committee room of the Y. M. C. A. the following officers were elected: J. Bruce McClelland, president; C. A. Turner, vice president; A. G. Thorpe, secretary-treasurer. There is much interest in the game here now and the chess club is starting off under particularly pleasing conditions. A new member was added to the club last night in the person of Paul Hamilton. The club leaders will welcome all those who are interested and desire to join with the other members in helping to build up an interest in the game in this section.

## FLEMING WINS FAST CONTEST LAST EVENING

Defeats White School in a  
Good Game—to Play  
Miller Next Week

By C. M. ABBOTT.  
Last night on the Miller school floor the strong Fleming school basketball team took the fast White school to-ssers in camp to the tune of 31-13 beating.  
The winners played fast ball and did not look like the same team that Miller beat last week. They made everything count and their passing was the main feature of the game. McLinden, small but fast forward for Fleming took all honors for all around playing. Spadafora, his mate played a good game and his shooting was excellent.  
Hough played a good game for White but his teammates could not keep up with him and they soon saw they were no match for the Fleming five.  
The game was fast and interesting all the way and the crowd was well pleased with the brand of ball played by the two teams.  
On Tuesday or Thursday of next week the Fleming team will play the Miller school for the championship of the city. This game is expected to draw one of the largest crowds that ever witnessed a grade school game.  
The lineup and summary:

Fleming 31	White 13
Spadafora	Knight
Forward	
McLinden	Hough
Forward	
Grottendeick	Gilardi
Center	
Vigne	Talkington
Guard	
Brown	McNeal

Field goals—McLinden 7, Spadafora 4, Brown, Grottendeick 3, Hough 3, Gilardi 2.	
Foul goals—McLinden 1 in 3; Spadafora 0 in 2; Gilardi 3 in 7.	
Time of halves, 20 minutes.

With baseballs at two bucks an is-

The mayflies don't raise the ad-

going to turn in a perfectly good ball  
for a bleacher seat?

The robin red breast sings a song.  
The golfer sinks a putt.  
The batter knocks it over the wall.  
The fan becomes a nut.

not sleep, and had loss of appetite,  
felt weak and trembled from weak-

was writing to my sister about my

## GOOD PAIR OF KIDS

ENROUTE WITH SENATORS.  
April 1.—Is there going to be a Cain-  
Abel battle in the American League  
this summer?  
Jimmy Leo O'Neill, the youngest  
brother of a famous baseball family to  
break into the big leagues, is short-  
stopping for the Washington Nation-  
als this spring.  
And the Washington aggregation al-  
ways was tough picking for the  
Cleveland Indians.  
Jimmy O'Neill's brother, Steve, is  
star catcher with the Indians—the  
favorite in the American.  
"Just put it down again this spring  
—we're poison for those Indians!"  
—Clark Griffith speaking.  
And it's going to be a tough winter  
in the O'Neill family if Jimmy helps  
to keep Steve out of that world series  
coin next fall.  
Griffith has decided that Jimmy  
shall play short for the Nationals.  
The young fellow is showing great  
form.  
But that isn't all—he has Stanley  
Raymond Harris, another youngster  
at second.  
Old-timers say they're the best key-  
stone pair that has broken into the  
big show in many springs. Just what  
they'll do under heavy fire remains  
to be seen.  
They have been tried and found

Dempsey match. Offers are coming  
thick and fast.

The surgeons are getting their cut  
out of baseball this spring. If the  
training season had another six weeks  
to run, over half of the athletes would  
be on the operating bench.

When doughnut holes were not so  
large.  
And a jit would sink a pair,  
The athletes were satisfied,  
Their salaries were fair.

Sweet Springtime.  
The golfer shows poor form first  
day out. He hooks and slices, fails to  
follow through, his putts are short or  
long. But he's always in midseason  
form when it comes to addressing a  
ball that failed to do what he meant  
for it to do.

I scan each sporting item.  
Each spring with scanty hope.  
For I know the lads who write 'em  
Will not get for me the dope—  
I never find the story.  
Although I vainly seek,  
Of the lad who garners glory  
By first diving in the creek.

## DENTISTS YANK LEADERS DOWN

Now What Do You Think of

End of a Perfect Day.

"Adam" Barnes and his tooth yank-  
ers conspired seriously against the  
Mining Machinery team in the bowling  
league last night, taking two out of  
three from the Miners and knocking  
them out of first place in the league  
race. Only two men rolled for the  
Miners, taking the low score of the  
other side for their third man score.  
The Hutchinson Coal team had lit-  
tle trouble winning its slatch from the
